He tries so hard to do everything
Take back what you stole away from him
He tries so hard to be the coolest guy
Smokes weed all day
Him and Vic got laid
You wanted to be a bit better than bought
He sold his soul and he sold his car
He tries so hard to do everything
Take back what you stole away from him
He tries so hard to be the coolest guy
The coolest guy
The coolest guy
The coolest guy
The coolest guy

He's on a break all day
Him and Vic got laid
He tries to give it, all he is, is a tool
I wouldn't wanna be him
He tries so hard to do everything
Take back what you stole away from him
He tries so hard to be the coolest guy
The coolest guy
The coolest guy
The coolest guy
The coolest guy
