He tries so hard
To be every thing
Take back What
You stole away from him
He tries so hard to be the coolest guy

Smokes weed all day
Him and Vic got laid
He wanted it to a little
Better than bought
He sold his soul and he sold his car

He tries so hard
To be everything
Take back what
You stole away from him
He tries so hard to be the coolest Guy
The coolest guy [x4]

He's on crank all day
And him in Vic got laid
He tries to be
But all he is is a tool
I wouldn't want to be him

He tries so hard
To be everything
Take back what
You stole away from him
He tries so hard to be the coolest Guy
The coolest guy [x4]
