Tell me what i should do
Im losing you again
Cant take this anymore
Im out your door once again

Cause she seems to be
But in reality
Its no surprise
When i see that look in her eyes

And i don't think she understands
And i don't think she understands how i feel
And i don't think she understands me
And i don't understand her anymore

Tell me what i should do
Im losing you again
Cant stay i always try
But im too shy once again

Shes not like me
But now i come to see
I bet sometimes
Now i realize she wants go on
And i don't think she understands
And i don't think she understands how i feel
And i don't think she understands me
And i don't understand her anymore
Tell me what i should do
Im losing you again
Cant take this anymore
Im out your door once again

Cause she seems to be
But in reality
Its no surprise
When i see that look in her eyes

And i don't think she understands
And i don't think she understands how i feel
And i don't think she understands me
And i don't understand her anymore
