"One Of Those Days"

I can't let this feeling go,
so I keep my anger burning
'Til the day that I meet you again
I can't feel the summer,
I can't feel the time pass me by
You're on your own
I'm not afraid
Now I'm letting you go

I keep my head high and yours under water
I'm not sorry, it's just one of those days

I'm not sorry to say,
that I haven't thought about you lately

I can't see the point,
of random hugs and kisses
Just let me be now,
just let the time pass us by
You're on your own,
still I'm not afraid,
still I'm letting you go.

I keep my head high and yours under water
I'm not sorry, it's just one of those days

I keep my, I keep my, I keep my, I keep my,

I keep my head high, and yours under water
I'm not sorry, it's just one of those days
