i don't need a suit and tie to make me satisfied  
i don't have to lug a briefcase till the day i die

chorus:

i just want to be alive and not do stupid shit  
want to enjoy myself the rest to hell with it  
i want to be alive and make the most of it  
to not let myself down just seeing part of it

i don't need a 325l to make me satisfied  
i don't need customized plates to make me wonder  
why  
chorus

so keep your head up, forget them, forget what they  
say  
fuck the rules, fuck who made them, and why  
because rules were meant to be broken  
so be yourself, not what others tell you to be  
if not conform and be miserable, it's your choice  
you'll have no one else to blame
