"Sick Of Aggression"

all of my thoughts
and all of my questions
waiting around for bad temptations

I wish you knew out of the blue
I wish you knew I wont go away

I'm glancing at landslides
I'm a beaten obsession
my minds faced with thoughts
that are sick of aggression

I wish you knew out of the blue
I wish you knew I wont go away
I wish you knew out of the blue
I wish you knew I wont go away

all of my thoughts
and all of my questions
waiting around for bad temptations
I'm glancing at landslides
I'm a beaten obsession
my minds faced with thoughts
that are sick of aggression
