Here we goes like a party rocker
Turn up the bass, turn up the treble
Love in the air stay forever
Kill all hate, five, i rate it
Bet it, no cupid we need it
We dont need any magic water,
abracadabra
Im harry potter
DJ plays my song
Everybody starts falling in love
If u dont know my name then go and ask your daughter

I'm Feelin Good Getting Love From All Around The
World
From Here To There Show To Show From Almost Every
Girl
I'm Getting Love I'm I'm Getting Love From All Around
The World

I travel all around the world
In globe, no place without a beauty exists
Girls, you are my medicine
and imma victim of these beauties
I wanna minglin' with'em
I engaged in making money
Minding my own business
Thats y call me hustler, baby
White thongs, big booty, water drops on it (like this,)
Popping bottle ,music life, lime lights that all i need it

Every palce where i hv been through
Only love that i can see
If u hold my hand to see my vision
You can better recorgnise what i Have see?

Beautiful faces,rosa labios, killing eyes that ditches
I'm tripping like that ?
Smoke cough lets blow it up
I keep music hoes, playin' in seesaw
That chick, right chick
Share cell no like this
We'll talk until sun rise,moon dies
Lets take step with me
Jump on my Cadillac
We'll disappear till music alive
Or we'll die

I'm Feelin Good Getting Love From All Around The
