Sixty second mile  
Fumble with the dial  
Troubles got away  
Everyday to day

This time you will hear  
I'm dropping out for good  
Not gonna stay  
This time you'll be here  
I'm dropping out for good  
Not gonna stay

Stopping on a dime  
Fortified with wine  
Troubles got away  
Everyday to day

This time you will hear  
I'm dropping out for good  
Not gonna stay  
This time you'll be here  
I'm dropping out for good  
Not gonna stay

Ottawa, what's the hold up?  
You gotta fold up, again  
Ottawa, what's the hang up?  
You did a bang up job, tonight  
Ottawa, where's the look out?  
You gotta move out, again  
Ottawa, what's the hang up?  
You did a bang up job, alright

This time you will hear  
I'm dropping out for good  
Not gonna stay  
This time you'll be here  
I'm dropping out for good  
Not gonna stay
