And you don't like the way a leash feels.
And there's too much emphasis on fun.
And you're tired of traffic cops in the sun.
And it never really feels done.

And you don't like the way a leash feels.
And you don't like the way a leash feels.

Hold on, just a second more.
Wait up, for an hour more.

And there's too much emphasis on you.
And you don't like always coming here.

And you don't like the way a leash feels.
And you don't like the way a leash feels.

Hold on, just a second more.
Stay home, for an hour or two.

I feel wasted.
I feel overdrawn.
Waiting just to taste it.
I can't wait that long.

Hold on, just a second more.
Wait home, for an hour or two.
Wait up, just a second more.
Stay home, for an hour or two.
