Heaven on the highway

4 times: I found the heaven on the highway
I wished to succeed in every part
I hope that you could feel the same as me
I found the heaven on the highway
the heaven on the highway

let me show you the way to the highway
where no one can rest
where life and death live together like
David and Goliath
yellow and white stripes on a sleepy asphalt
tons of heavy stones
on a soft ground
where no one can rest
where no one can rest

the fog can be thick as porridge
and the wind and the rain can complain
our curiosity follows every inch and meter
and tells us who we are
I wish to travel along it and learn

I wish to be with you and tell you
I found the heaven on the highway
the heaven on the highway

sitting close to the road
watch the hunting people
it isn't dream or fantasy
it's the man's way to live
like we look at the animals' living
the nature watches our searching
with fear and cry
it's the man's way to live
the man's way to live

tripping on the highway
make love on the highway
cry for those who die

smile to they who live
it's nothing there for me now anymore
but the highway told me something
about our living
I found the heaven on the highway
the heaven on the highway
