Pussycats & Pussy Riot

*

We need pussycats - we need pussycats
strong and independent with
the glimpse in their eyes that tells
about courage

our world needs pussycats
our world needs pussycats
we don't need bombs

we don't need warmongers
violencemongers - fearmongers
we don't wanna hear
scared children screaming

we need Pussy Riot
we need Pussy Power
Pussy Bravery- Pussy Spirit
Pussy Pride - Pussy Love
we need it
in our world
