[T-Pain:]

You get me so enegetic
Everything is copacetic
Slide with a nigga I'm so electric
And baby girl you can bet it all
And you ain't got to sweat it
Go home and put on that dress let's
Go out there will be no more stressing
And girl tonight I'm gonna be your dog

[Ciara:]

Oww I like it you know I'm the type to have fun
Slow wine it you can jump on in if you want

[T-Pain:]

Baby girl don't fight it
You know tonight's your night
We can go use it though and abuse because your like

[T-Pain:]

[Ciara:]

Electronica

[T-Pain]

Baby let's do this

[Ciara:]

Boy I want to love

[T-Pain:]

I got to be real girl I don't feel like growing up
The bartender filling up my cup
If you looking for love girl your in luck cause I'm
blowing Up

I'm blowing up (blowing up)
I'm blowing up (blowing up)
I'm blowing up (blowing up)
Bartender filling up my cup

Cause I'm blowing up
I'm blowing up (blowing up)
I'm blowing up (blowing up)
I'm blowing up

Wassup with that good connection
I got one simple question
Can I be on your guest list
And boy tonight we gonna get it on
Oww I feel like this is destined
To happen relaxing
Enjoy what we got cracking
Because we got something special going on

[T-Pain:]

Slow wine it girl don't try to fight what you want
