Meet a boy named Phil
And his family
On vacation from the 22nd century
Got a rented time machine
And they're on their way
To a time way, way, way back in the day

(Chorus)

So now he's Phil, Phil of the Future
Keeping it together just as best as he can
Phil, Phil of the future
He's a 22nd century man (22nd century man)

On a holiday through history
But the final destination was a mystery
'Cause something on the time machine had blown
So they ended up right here in our time zone

(Chorus)

So now he's Phil, Phil of the Future
Never knew in history where he would land
Phil, Phil of the future
He's a 22nd century man (22nd century man)

Phil of the future
He's a 22nd century man
