I need a little time, to see what your made of
I know what's on your mind
Your headen straight
For love

Lets not rush your movin way too fast
We can figure it out, we can make this last
We don't have to be so serious
You need to

Slow down
I'm not goin anywhere
Slow down
If you care, I need a little time for air
If you just let me breathe
Maybe I'll stick around
If you slow down

I wanna little space, a little less attention
You see it on my face
Don't need an explanation

Lets not rush, your movin way too fast
We can figure it out, we can make this last
We don't need to be so serious
You need to

Slow down
I'm not goin anywhere
Slow down
If you care, I need a little time for air
If you just let me breathe
Mabe I'll stick around
If you slow down

Keep callin- you wont leave me alone
(Keep callin you wont leave me alone)
Proclaming love is like a joke
(Its no joke)
Leavin flowers at my door
Have enough don't need any more
Believe in what we have right now

Have to slow down

I'm not goin any where

Slow down

I'm not goin any where

Slow down

If you care, I need a little time for air

If you just let me breathe

Maybe I'll stick around

Slow down

I'm not goin anywhere

Slow down

If you care, I need a little time for air

If you just let me breathe

May be I'll stick around

Ya have to slow down

If you just let me breathe

May be I'll stick around

Not goin any where

If you just let me breathe

May be I stick around

Not goin any where

If you just let me breathe

May be I'll stick around

Not goin anywhere

If you slow down
