Speak, like from the 4 14, I am back on the scene
Living out my ghetto dreams
Get to know me very well, I am quite unparallel
Whole lunge of money, but my shit flow like a carrousel
And they said I wouldn't make it
But I address them haters by postcard while I vacation
I am ambition times motivation, and explanagely more
than you suckers ...
Started out from nothing, I ain't wanted for nothing
But I don't have it all, so you see me beautifully struglin
Got the hustle of a half knot, ego of a big shot
Hugger on the young and tryina get that money on the
block
I got tunnel vision when it come to winning like a side
young winner
Pitching in the night ending
Higher pay for that ...it's forgiving
Cause I'm doing what I can but I'm sinning

[Hook]

They say 20 20 hindsight,
Pitch black hood easy still shine right
And they say 20 20 hindsight,
Higher ... and now you say the sound right
They say 20 20 hindsight,
Pitch black hood easy still shine right
And they say 20 20 hindsight,
Higher ... and now you say the sound right

Easy does it do it easy, I hand talking greezy
But I go from running a meeting
To getting love on mtv
They thought I be a flash in the pan
Not they ...to take a stand, to depending on my fam
I doubt that, music is my high and I'm never coming
down
But I'm still in the trenches breaking ground
I'm bout that
Super fly, super fresh, looking like a million
Yes I'm on the road and they told me slow down you're
killin em

Cruising down the boulevard, thinking bout success
I take care of my people and middle finger to rest
I'm obsessed, I'm upset, I am different than the rest
Taking shots of what I own, be my guest at your own
risk
Foolish with the world play, menace with the
microphone
Deep ...excellence, ...city zones
So prepare to have your mind blown
Matter fact, I tell em daddy's home!

[Hook]

They say 20 20 hindsight,
Pitch black hood easy still shine right
And they say 20 20 hindsight,
Higher ... and now you say the sound right
They say 20 20 hindsight,
Pitch black hood easy still shine right
And they say 20 20 hindsight,
Higher ... and now you say the sound right

Check, guns and roses, no jailing
Scratch that, this is like the rap van halen
Listen to goon zombie, try to battle me
Plus I'm kicking ass and I might be brutality
I hear what they claim but they're not the baddest here
Fuck outta this world, I am on another stratosphere
High I'm on my light rail, see me trail blazing
In the ties, turning name, talking nick saben
No need for a journalist to tell me I'm amazing
Some they call me underground, but I run when I hit the
pavement
Wonder why I spit this so far, what's my motivation
Look into my eyes, you see my drive determination
Somebody asked me if I do this for the hood
I do this for the people struggling to make good
I'm a rebel with a cause, man of the flesh
From the voice to the unsung, I'm the Midwest, hey!

[Hook]

They say 20 20 hindsight,
Pitch black hood easy still shine right
And they say 20 20 hindsight,
Higher ... and now you say the sound right
They say 20 20 hindsight,
Pitch black hood easy still shine right
And they say 20 20 hindsight,
Higher ... and now you say the sound right.
