Verbal assault, rhymes rippin' through the mix  
{It's very likely you know what I'm saying}

Check...yo

[Verse One]

Check the rap cat spit the phat shit to mack dips  
While you pack clips and bag bricks to stack chips  
I only smack dicks if they act slick  
And only jack whips if they model flag-shifts  
The type to flow and strike your soul  
Blindfolds and mind control kid it's time to roll  
Cuz'I taking MC's operating like empties  
Send freeze through your chest, worth ten G's  
Or maybe more, because the rap style is crazy raw  
I'm breaking backs taking it back to Eighty-Four  
You could never (?) knowing the cat spit  
Gorilla rap shit, ban Esoteric when I attack shit  
Your flow was tighter, we'll make your shows tighter  
Man at loose cannon to hold you tighter  
When Esoteric shines kid it gets no brighter  
You couldn't be fresh if Shane was a ghost-writer  
That's my real name, your shit real lame  
Your in this to discriminate so mine's the real game  
I'm putting it down plus I'm on the attack  
With a verbal assault, crab cats fall back

[Verse 2]

My rhyme scheme blinds nineteen fiends like high  
beams  
Shatters pipe dreams of teams like crime scenes

The production, plus my raps bring destruction  
Dangerous like spontaneous combustion  
I rush in, bring MC's to their knees  
Jewel thieves, rap cats those who move keys  
I'll take that wife on you, take that ice on you  
Sell it back to your ass raise the price on you  
When adversaries bite the "Dactyl" will have to strike

Be rappers with the mic like I practice every night  
Vocabulary's tighter than a "Seven-Forty I"  
I mortify forty-five guys for their lives  
The forty-sixth make sure he cries before he dies  
And tears from his eyes made my name immortalize  
Esoteric, certified heat speaker  
Beat freaker puttin (?) deep in the sleeper

[Verse Three]

We wreck tracks suffer no setbacks and stress cats  
To the max slapping up (?) tax you get back  
Shane you've been born  
I'm ripping stakes up in any way shape or form  
Check the brainstorm, when these fake kids get torn a  
new ass  
Bullet-proof glass can't last  
Went up against the mass I'll splash your broadcast  
Rip your sound station  
Dictation, blow strips off your foundation  
Now you all know Ralph at all shows  
I scalp all pros like Al The Salvo  
The Teradactyl, swooping like a scavenger  
Calling shots like a passenger add em' into capture  
Run right, through your gun fight during dung night  
Still touch mics it be positive like blood types  
Word up kid I'm on the attack  
With a verbal assault crab cats call back
