Oh, I want you back back back forever
I'm losing my control
I just wanna fight fight fight for you babe
I'm going crazy, c-crazy for love

Una vez, otra vez,
Quiero estrellarme en tu piel
I'm going crazy for...

Siempre te busco en este mismo lugar
Pasan las horas se hace tarde solo espero un minuto y
basta
Para encender esta gran ciudad

Creo adivinar
Donde vas a estar
Y si quieres saber de mÃ
Solo debes seguir bailando y sonreÃr otra vez
Y perdamos el control

Oh, I want you back back back forever
I'm losing my control
I just wanna fight fight fight for you babe
I'm going crazy, c-crazy for love
Una vez, otra vez
Quiero estrellarme en tu piel
I'm going crazy for...

We might have break ups, but we'll make up again
I'll never get the point of being separated, baby I will
never learn
So this is not the end, I know you wanna roll with me
Just stay so I can work on my mistakes.

Baby I don't know why
You're the reason I always wanna stand up and live
All I get is, a memory

Cada vez que te vas, it feels like hell
Dime si vas a volver, I'm trying to say

Oh, I want you back back back forever
I'm losing my control
I just wanna fight fight fight for you babe
I'm going crazy, c-crazy for love
Una vez, otra vez
Quiero estrellarme en tu piel
I'm going crazy for...
[x2]

If you want it, say oh oh oh
If you wanna run away, say hey hey
[x2]

It's gonna suck cause we all know that baby
I'm no good without you, without you
And now it's killing me, don't know if you will let me
back,
Boo that ain't right, that ain't right!

Oh, I want you back back back forever
I'm losing my control
I just wanna fight fight fight for you babe
I'm going crazy, c-crazy for love
Una vez, otra vez
Quiero estrellarme en tu piel
I'm going crazy for...

Oh oh oh
If you wanna run away, say hey hey
If you want it, say oh oh oh
If you wanna run away, say hey hey
