

Temptation Within

"Caged"

These are the darkest clouds
To have surrounded me
Now I find my self alone caught in a cage
There's no flower to be found in here
Not withering
Or pale to me
Everyone with a friendly face
Seems to hide some secret inside
He told me he loved me
While he laughed in my face
He just led me astray
He took my virtue
I feel so cold inside
Sorrow has frozen my mind
My heart is covered
With thoughts entangled
How could it ever have felt so real?
Is there a place more lonely than I feel within?
Could I have seen?
Could I have known?
I just took it as the truth

Everyone with a friendly face

Seems to hide some secret inside

Always there to remind me

To keep me from believing

That someone might be there

Who'll free me and never ever leave me
