When leaves have fallen  
And skies turned into grey.  
The night keeps on closing in on the day  
A nightingale sings his song of farewell  
You better hide for her freezing hell  
On cold wings she's coming  
You better keep moving  
For warmth, you'll be longing  
Come on just feel it  
Don't you see it?  
You better believe it.  
When she embraces  
Your heart turns to stone  
She comes at night when you are all alone  
And when she whispers  
Your blood shall run cold  
You better hide before she finds you  
Whenever she is raging  
She takes all life away  
Haven't you seen?  
Haven't you seen?

The ruins of our world

She covers the earth with a breathtaking cloak

The sun awakes and melts it away

The world now opens its eyes and sees

The dawning of a new day

Whenever she is raging

She takes all life away

Haven't you seen?

Haven't you seen?

The ruins of our world
