"Other Half Of Me"

Over the hills lies a new beginning

Over the hills

Over the hills, there is a way, I know it

Over the hills

You can't bring all the gloom

Your heart is frayed and so empty

You glorify the future

Living in a different world than me

The journey ends in death

You are giving up so easily

You are the other half of me

Chorus

We are drifting apart

Chilled to the marrow

'cause you don't want to go

cause we've got a different wish at heart

The amulet guides us to the other side

When I go down, its you who'll bleed

I'm not scared to die as long as I'm with you

You are the other half of me

Chorus
