Just take a chance  
Don't think its your choice  
Wake up don't you hear my voice

(Don't you hear me)

I swim threw broken glass, just to define  
You left me bury, up and sweep aside  
I think its all been said before  
(so many times before)  
You left the extras by the closing door now

I don't wanna grow up  
Don't want to figure this out  
I know you set me up  
Don't want this dragging you down  
x2

Just raise you head, don't make the wrong choice  
Shout out don't you hear my voice  
(Don't you hear me)  
I've taken every chance just to define  
You're tripping here, that's where I draw the line

I think its all been said before  
(so many times before)  
You left the extras by the closing door now

I don't wanna grow up  
Don't want to figure this out  
I know you set me up  
Don't want this dragging you down  
x2

Why's that so hard to believe?  
Why can't you just let us be?

I don't wanna grow up  
Don't want to figure this out  
I know you set me up  
Don't want this dragging you down

x3

Don't want these dragging you down  
Don't wanna see you round  
Don't wanna see you around
