Ain't got no money.  
I spent it all on a big black Cadillac.  
Yeah honey.  
We're gonna ride ride ride like Carowet(?)  
Cross country.  
For 3000 miles straight to the coast  
Where it's sunny.  
From one to ten I think you are the most  
Bonita, linda seniorita.  
Why you wanna see how far I'd crawl?

One thing's for sure.  
This time won't change.  
I can't believe you wanna stay.  
Is there nothing that I can say?  
Won't let you die in your sleep, babe.  
Hear me now,  
I've got the ride.  
We're gonna leave this time tonight.  
For all I know  
I could be king  
If you would only be my gypsy queen.

It might sound funny.  
We're gonna open up a little coffee shop  
On Sunset  
Where mentally challenged people love to shop.  
I cook them  
The best sunny side and whole wheat toast.  
I'll tell them  
From one to ten I think you are the most  
Bonita, Linda Seniorita.

Why you wanna see how far I'll crawl?

One thing's for sure.  
This time won't change.  
I can't believe you wanna stay.  
Is there nothing that I can say?  
Won't let you die when you're sleeping.  
Hear me now,  
I've got the ride.

We're gonna leave this time tonight.  
For all I know  
I could be king  
If you would only be my  
If you would only be my...

One thing's for sure.  
This time won't change.  
I can't believe you wanna stay.  
Is there nothing that I can say?  
Won't let you die when you're sleeping.  
Hear me now,  
I've got the ride.  
We're gonna leave this time tonight.  
For all I know  
I could be king  
If you would only be my  
Gypsy Queen.
