Oooh... listen to my voice...
I'm here by your side, with fear...

In this nightmare... coldness,
figures standing in my dreams...
are no fantasy...

Death... screams... loneliness...
this is what I lived... I'm back

Fear involves me... trembling,
shadows moving all around
I hear the uncouncience call...

Come!! don't hide and show me
your tremendous strenght,
Is this what you were meant to be?
take my life and live it as you want to,
I'll hear all what you want to say...

Dying brings you so much calm, suffering and lust
in this hidden world, everything gets dark...

finally I succeed, and I'm back again
this was then my place of sacrifice...

Come!! don't hide and show me
your tremendous strenght,
just tell me who you think you are?
take my life and live it as you want to,
you try to scare me with your past...

I'll show you all the blood I spread
and death purposes in my head
now it's your turn to feel the knife
don't pray to save your soul, you are lost...

Now... I'm the king again and I...
feel the highest power in my skin...

I'm in darkness, it's my end...
