I have copied you  
and made up myself  
So crash and splash  
I fight  
with my obsession.  
I feel the tension,  
a need for caution  
I would like to show  
Cut open my skull  
Look into my head  
I don't  
know why I'm so harsh  
I could be so brash  
I'm going to clash  
'cause I feel  
I can always show my everything to you  
If this moment was for me  
I try to hear  
Lend my ear  
voices inside  
one link to join it all  
Again  
All the things I knew,  
the world I trusted,  
would be the same  
If I  
remained inside my  
protective castle  
and kept my eyes closed  
Words are just a toy  
that people play with  
it's superficial  
I know  
The proof is out there  
The hidden answer  
That someone left there  
'cause I feel  
I can always show my everything to you  
If this moment was for me  
I try to hear  
Lend my ear

voices inside  
one link to join it all  
If I can  
Go travel back in time  
Start it all over again  
Follow a calculated path to live but  
One day I  
Will come across the same  
feeling again and know that it will carry over  
'cause I feel  
I can always show my everything to you  
If this moment was for me  
I try to hear  
Lend my ear  
voices inside  
one link to join it all  
so it goes again
