've looked outside
But I've never wandered out

I'd like to pull you into me
Intercept you, in between
but I will never walk without, outside

Thatta way, I'll always, stay away from you

I've looked inside
but I never wandered in

I'd like to pull you into me
Intercept you, in between
But I will never wander in, inside

Thatta way, I'll always, stay away from you

Universe, Breaking us down

Thatta way, I'll always, stay away from you
Thatta way, I'll always, stay away from you
yoouuuu, yooouuuu, yooouuuu....

Universe, Breaking us down
