Horny baby you're in luck  
You can ride my 7 up  
Take it slow or ride it fast  
We got all nite so make it last

Don't be quiet, make it loud  
Cause you got me standing proud  
7 up, its all for you  
Hold me tight and don't be cruel

Deep and slow, u take me in  
Don't you love this sexual sin  
Turning over, on all fours  
Nudging soft at heavens doors

Naked, as we sweat and pound  
Bodies humping on the ground  
Sexy baby you're in luck

You are riding my 7 up

Take it in deep and hold it tight  
You know how to grip it right  
Legs around me as I slide  
All of me deep inside

Deep I look into your eyes  
No one else can make me rise  
Nails digging in our backs  
As we reach a loving climax

Naked and tired we fall down  
Hands carressing all around  
Tonite was hot, tonite was fast  
But we know baby, its not the last.....
