Well something's coming to catch you out,
No your feelings need not be displayed.
It's always winning so play it fair
And lets not make this a love parade,
A storm is brewing overhead you
Stand still to watch the ocean pout.

A light casts on the horizon
And it's beautiful.
I'll help you through this dark patch
But I have to go I have to...

Something's waiting,
It's all around,
You're the eye
Inside this storm cloud.
You feel paralysed and vulnerable
But you still capsize this ship of lies.

A light casts on the horizon
And it's beautiful.
I'll help you through this dark patch
But I have to go I have to...
