I never thought my heart could share the same beat
with someone
Until our hearts found each other
Thats when you wiped away every tear that ive shed
You put together every dream that was shattered
Thats why the world would end with me and you
together

It doesnt matter
How thick or thin
If the whole world is against you, you know that you
have one
That will stay true
Do whatever you do
This swings if one gets broken
Chorus

I promise you no matter what you do my heart and soul
belongs to you
Doesnt matter what people say just know ill never go,
oh no, my loves for sure
Doesnt matter who tells you most, my love will always
show, you know, no matter
what im still here for you
Theres not a thing that i wouldnt do, Ide swim across
the widest river just to
get close to you
It might sound crazy but i know its right, cause your the
only one that keeps
me dreaming ever night
Chorus x 2

Thats why i let you know im here for you through
everything, baby
Just so you know my love will be there here, when
everythings gone
Chorus

Thats why i let you know im here for you through
everything baby
I will prove that my love is so true

Ohh nah nah nah, yah yah yah oh yah
Ohh babe, Ooohhhh
It doesnt matter

How thick or thin
If the whole world is against you, you know that you
have one
That will stay true
Do whatever you do
This swings

That i will stay true
Do whatever you do
Chorus (fade till end)
