Impossible for man  
To live peacefully  
In very era  
Brutal wars are there to see

Hatred

Religion the reason  
For most who fight  
Everyone hates everyone  
They kill and think they're right

Forever

No way around this fate  
Wo know what's to come  
World peace remains extinct  
Revival is long gone

No hope

Of living without threat  
Of fearless lives  
Of a world without anger  
The future is confined

Suffering  
Anger is forever  
Hatred is human

Conform  
Deal with it  
All civilization was built from hate  
Can't live together  
Accepting all  
Kill if you disagree  
The enemy must fall

We're just another time  
Murder persists  
One thing to count on

We know will always exist

Hatred

Will be here forever

It's mankind's way

Fury is an emotion

That is here to stay

Forever
