I live in a shed with jeans and ben
Who knows what we get up to?
time and time again
I'm such a prick and so proud of it

But my moms husband
Still sneaks out to suck mens dicks
What a stupid prick
He's still getting pissed
i'm suprised he aint in the corner
tokin' on some wizz

My moms last husband john doe
He upt and left
And now he's gone bald
I'm suprised she aint dead
She's so fucked up in the head

I left my sister when she just turned 12
And now we're planning on getting mom
Back into hell
I've got to save her ass
From the motherfucking past
And not do what my mother had to ask?

My bitch ass girlfriend stacey
Asks way too much of me
What's she trying to do
Motherfucking kill me
I loved her to bits
so now i've fucking said it
And yet i still aint getting
No shitty fucked up credit

I fucked her last week doggy style
without no greace
And ripped her plump white ass cheeks
But now i've used greace
She has no meat on her cute white cheeks

But now to find my mother

and dig a hole just over 6ft
And cover her ass with rubble and peat

Thats it for this shit
Love john'o and
his dick
xxxx
