Psst..
Hey, Listen

I love my job
It makes me feel like... superman
Can you fly?
I can
Wanna see?

[Chorus]
I'm only entertaining you why
Going to stimulate making you high
And take you and I, to a place that you can't see
But I believe you can fly
I don't need nobody home I'm just partying
I'm not your dad, not your mom, not your gaurdian
Just a man whos on the mic, so let me... entertain you

[Verse 1]
My lyrical content is constantly undefined
No wonder why I constantly bomb back
To come back attacks with constant concepts
>From lyrics constantly took out of context
Failure to communicate with congresses
Been a problem for the longest I guess but
Maybe one day we can make some progress
Food for thought see how long it takes to digest
Feeling good when I should be ashamed
Shit, I really should've fell when I stood
See I came like a flame in the night
Like a ghost in the dark, there's a ray, there's a light
There's a hope there's a spark
But when planets collide, they'll never see eye to eye
Until they decide to set the differences aside
And this is why only one of us will survive
So children, follow my lead and feel the vibe because

[Chorus x1]

[Verse 2]
My music can be slightly amusing

You shouldn't take lyrics so serious
It might be confusing
Trying to separate the truth from entertainment
It's stupid ain't it?
I get sick of trying to explain it
See I can sit and argue with you but it goes beyond
Just being a snot, pointy nosed, bleached blonde
Cuz' I came here to uplift let your woes be gone
Tell em' to get fucked and just mosey on
Constantly movin' constantl
