I WILL ALWAYS THINK ABOUT YOU

The New Colony Six

I will always think about you

Even if I live without you

Please don't let that ever happen

I have too much love within me for you

Baby it's true, baby

I can't find the words to tell you

Just how much I really love you

If you feel the same way I do

You will know the love I have here for you

Baby it's true

Baby, the days we spent together were fine

The nights, the lights were yours & mine, it's true

I'll always love you, always love you

So let us plan our futures together

Love is here, it's getting stronger

Even if I live without you

I will always think about you, it's true

Baby it's you, baby it's true, baby for you

...& fade
