did you wanna talk to me  
or did you wanna fly high  
because you never come around  
and you never stop by  
you never drop a dime  
and you never spend time with me.....  
all the girls that pass by  
I keep to myself  
I'm sick of waiting for you  
up on my shelf

well thats the last time  
now you will never spend time with me

now its fine.....its fine, fine, fine  
cause I'm sick of myself feeling bad all the time  
now its fine.....its fine, fine, fine  
I'm getting sick to myself and feeling bad all the time
