Every day people die  
Every day people kill  
No one like this  
( no one like that )  
You may think that it's insane  
But you will discover,  
That you too, you've got a flag shit !

You've got a Flag shit  
Total dogshit  
Not only anarchist  
I don't want your Flag shit !  
Flag shit  
You must miss it  
You must pay for it  
Sorry but your stuck with a flag shit !

You never really know  
You never really think  
Government is this  
( government is that )  
When you wake up  
Your going to see  
An other Flag shit !

You've got a Flag shit  
Total dogshit  
Not only anarchist  
I don't want your Flag shit !  
Flag shit  
You must miss it  
You must pay for it  
Sorry but your stuck with a flag shit !

It has no use  
You can't do anything  
But it stay like this  
( it stay like that )  
You really must  
Follow the anarchy  
And kill this Flag shit !

You've got a Flag shit  
Total dogshit  
Not only anarchist  
I don't want your Flag shit !  
Flag shit  
You must miss it  
You must pay for it  
Sorry but your stuck with a flag shit !

What the fuck are we doing ?  
What the hell is happening ?  
The shit is this  
( The shit is that )  
You know we are right  
Be on our side  
Fuck the flag shit !

You've got a Flag shit  
Total dogshit  
Not only anarchist  
I don't want your Flag shit !  
Flag shit  
You must miss it  
You must pay for it  
Sorry but your stuck with a flag shit !
