I won't be back this time
Say goodbye and I'm leaving
This time it is the last time
I miss you said goodbye
I'm dying all the time
Things just aren't the same without you
But why can't you stay
Come what may
Things are just better and better
And now all alone
Unanswered phone
I'm staying awake even later
You know that it hurts to see you crying
Please believe me I promise I'm not lying
I'll do what it takes
As my heart it breaks
I don't know what to be without you
But I'll pretend that it's okay
Come what may
I don't know what to be without you
I'll do what it takes
As my heart it breaks
I don't want to be left without you
But I'll pretend that it's okay
Come what may
I don't want to be left without you
I'll do what it takes
As my heart it breaks
This time our goodbye is forever
