there was a time in my life
when I could say
that things will change
things will look up today
but somethings wrong
cause your gone, things are not the same
I thought about it
I wrote it down
we ran around it
but something was not to be found

and on the way
I heard you say.....throw it all away

So sign your life away
whats in store
is at your door today
So sign your life away
its at your door
its whats in store for today
