He comes from the south-west of america
He brings his guitar everywhere he goes
Always got the beat
Always got the girls

He knows every punk rock band
Give him an amplifying and a pick
He'll make you trash

When his guitar is tuned
When his band is with him
We sure can call him
A punk legend

His life is at show
All his friends are drummers
Always got a guitar
Always a six pack

He knows every punk rock band
Give him an amplifying and a pick
He'll make you trash
When his guitar is tuned
When his band is with him
We sure can call him
A punk legend

On a skateboard he's better
Than most amaters
But what makes him best
Still his punk shows

He knows every punk rock band
Give him an amplifying and a pick
He'll make you trash

When his guitar is tuned
When his band is with him
We sure can call him
A punk legend

A punk legend

A punk legend
A punk legend
A punk legend
