[Slim Thugga]

I seen it all some boys wall then fall down and crawl,  
when they knockin down them all next they tryn to sell it

locked down by dem laws, one niggas snitch make up

nigga buyn boys better get that understood, was born  
broke up in the hood but I refuse to move back, life  
goes on just stay strong pa told me that  
Life goes on, and on and on, life goes on, and on and  
on, life goes on, and on and on, life goes on, and on  
and on, life goes on!

Some of our mothers and fathers are gone, our sisters  
and brothers are gone, our babies and children are  
gone, but life goes on, and so u gotta be strong  
because hard times do not discriminate they only  
intimidate bully and illuminate people without any faith,  
and if it wasn't for the big phomes in my life I would  
of never ever learned how to climb out, some things  
you cant be told or taught some things you just gotta  
find out, some people go from millions to nothing-  
some people go from nothing to mills, but what both  
them got in common neither one of them is happy still,  
you can bring a preacher back to steal or whatever your  
tactis is, so many people out here so fake they need to  
take a break and practice real, pimp tight mj tryin to  
live life and do a little good, I played my part but I  
didn't ride the bull

Life goes on, and on and on, life goes on, and on and  
on, life goes on, and on and on, life goes on, and on  
and on, life goes on!
