Chevy super clean, two or three screens
Watch a DVDs, to the left I lean
50 karats in the crown, niggaz no more scheme
Just to let you sucker niggaz know that I'm the king

This green I smoke we call it 'Drow'
It's deadliest from Memphis scene
You see my folk, we ain't no joke
Don't turn this into a murder scene

I'm paranoid, totin' this 44
Been shootin' out since my early teens
But I'm drop that note, grab me under sixteen
You can bring all the niggaz you wanna bring

Hey, I thought you were runnin' things
All you did was run the screens
Must be out his mind thinkin' Tip won't touch him
See it on the bush, let it burn like Usher

Click, click, bang, you can end the discussion

Ain't shit sweet? 'Cause I seen you unpleasant
I steal would spray, broad day, ain't nothin'
I' ma let Mac Boney an' the AK do it fo' me

I'm immune to the drama, act a fool if you wanna
Lean in my pocket, 40 calb by the stomach
He actin' like he want it, I'm show a nigga somethin'
Somebody phinna to have put news to his mama

I don't tolerate suckas who be tryin' me
Take a special kind of nigga to be as fly as me
Similar to 8ball an' MJG
Been comin' that hard since '93

Niggaz know ain't no outshinnin' me
I've been the G, you're tryin' to be
I mob with gorillas, squaders an' some robbers
An' killers, true niggaz gonna ride me

Take a look at my wheels, rollin' through the South
Still spinnin' an' I'm still smokin' heavy
Look at both of my grills, my motherfuckin' mouth
Lookin' just like the rims on the Chevy

Pimp, Twist, I'm a playa still
Ballin' in the game, come major bills
Come an' take a trip with me to Hater ville
On some 24 Omegas an' gator grill

Fuck a Twist, fuck you, bitch
I don't really wanna have to bust you, bitch
Rollin' gold, shine so hard
Niggaz out here know they can't touch that shit

I don't trip, niggaz pull up
I be lookin' proud when I bust that dutch
Specially when I look at the mac in the black Cadillac
An' the bubbles in the hummer truck

When you see a nigga cruise through
Niggaz try to jack you an' loose my coop is by the
kennel wheels
Now motherfuckers wanna take my style
'Cause niggaz out here know I'm only fuckin' with the
bonnet grills

An' the haters wanna see me fall
How can I let y'all niggaz play me?
Shited on their good, then I pull up
From my vehicle while bumpin' 8 Ball an' MJG

Twista, bitch, an' I from the shy
With my Memphis connect an' I ain't goin' lie
We be specializin' in an' up comin' with dope shit
An' pullin' up in cool whips that's fly

Still drink, still blow
Then I creep through the hood real slow
Ride while I bump Kamikaze shit
While I scream look at my grill, hoe

Old grill smile, wilin' out up in the VIP
The club close at five o' clock, we pullin' up around
three
Wood grain, wheel grippin', Cinderella sippin'
I like my jewelry golden, like a piece of fried chicken

Money players [Incomprehensible] demon like I'm willy
beamin'
Like a bitch that practice suckin' dick an' drinkin' semen
She sceamin', dreamin', wishin' she could be my
number one
Forever young, mama, I just wanna' to have some fun

Don't try to ever take my cash from me, you mine as
well
Jump of a cliff, you fuckin' crash dummy, like that's my
last money
This for my niggaz who be bussin' back to perpetrators
We don't discriminate, we'll hurt now, hurt you later

But I ain't worried, I smoke one on you fuckin' haters
An' I'm hiddin' gators on the refrigerator
Down South, Memphis, Tenn, pimpin' gotta rep it
The dirt I did, under the rug where a nigga swept it

This for my niggaz with the bank roles
(Look at the grill on my pimp mobile)
