We all wanted, more and more from you.  
We just thought of ourselves, it was hard not to do.  
Greatness comes along, we just can't let it pass.  
Eyes on the future but our hearts in the past.

(Chorus)

Wish you were young again  
Back in your prime  
I Wish you were young again  
Just one more time

We saw you, as you were fading away.  
A little slower, as the dark turned to gray.  
When did it happen, when you got old.  
Never thinking, that this day would unfold.

(Chorus)

Wish you were young again  
Back in your prime  
I Wish you were young again  
Just one more time

Instrumental

Can you do it, one last go around?  
You did it so often, we were so very proud.  
Giving us hope, way back when.  
So what do you say, can you do it again?

(Chorus)

Wish you were young again  
Back in your prime  
I Wish you were young again  
Just one more time

(Chorus altered) Sang twice

We wish you were young again  
Back in your prime  
We wish you were young again  
Just one more time

Instrumental

I wish you were young again  
I wish you were young again  
Just one more time.
