I wake up in the morning
and no one's there
feels kind of empty
but I don't care
I walk around
wonder what's wrong
been through this many times
first their here, then their gone

And I know I'm going to be alright
once again
she may come back or maybe not
and I don't care
I never knew what was up
with her blank stare
come on baby come back home
you're crazy I know it
but crazy is the only thing I know

(Inst.)

I wake up in the morning
coffee in my hand
seven days 'til Monday
It's more than I can stand
never knew where you went
one day you were gone
It doesn't matter anyway
cause crazy women come
crazy women go

And I know I'm gonna make it 'till the sunrise
Once again

Woke up in the morning
Yes, I woke up in the morning

All alone
all alone
Yes, I'm alone
woke up in the morning

nobody's there, nobody's home
all alone
all alone
