This song's about you sucking our dick

Suck my dick
Suck my dick
Suck my dick

Suck my dick
Suck my dick
Suck my dick

Here's a girl at our show
You know I know she's a ho
She wanna get backstage
She want Robo-T's dick, yo
But I says, "No, I practice safe sex
Pull out method is best"
Maybe I'll pull out a fuckin' cum
On her fuckin' breast
But this slime ain't worth my time
And I tell her with a rhyme
If you wanna get with Robo-T
You better lick my balls (bitch)
And when I blow my load
In your fuckin' face
You think your job is done but
You best suck on my dick

Suck my dick
Suck my dick
Suck my dick

Suck my dick
Suck my dick
Suck my dick (bitch)

Look at my big robotic dick
Why don't you suck my dick
My dick's so fuckin' big
I think I'm gonna be sick
I programmed a new dance
It's called Lick My Balls

And to do it all you have to do
Is suck on my balls
Pop my disk in your drive
And download my scrot
You got DSL
It ain't hard to tell
You better lick my balls (bitch)
I got a big fat boner
Just beggin' to be licked
So get on your knees and
You best suck on my dick, bitch

Suck my dick
Suck my dick
Suck my dick

Suck my dick
Suck my dick
Suck my dick (bitch)

See me after the show
And this I'll quote
You'll get my autograph
On the back of your throat
I'm swingin' my cock
Like a Louisville Slugger
When she comes backstage
I've got no choice but to plug her
I'll tap a beat on your head
While you polish my knob
Don't care if you're hottie or
You better lick my balls (bitch)
I don't shake no hands
I put my dick to your lip
I smack it in your face until
You best suck on my dick

Suck my dick
Suck my dick
Suck my dick

Suck my dick
Suck my dick
Suck my dick (bitch)

You wanna sign your autograph
But don't wanna see my band
I know your mind is playin' tricks on you
But I don't give a damn
Out the corner of your eye
The only one you got

See me inching slowly towards
Your little ass strokin' my cock
You can climb up on the bar
And do a little dance
But when the DJ stops the music, bitch
You better lick my balls (bitch)
Lock yourself in the bathroom
I don't blame you a bit
I'll bust in like that Kool-Aid man and
You best suck on my dick

Suck my dick
Suck my dick
Suck my dick

Suck my dick
Suck my dick
Suck my dick
