Billy Thorpe -- Children of the Sun

People of the Earth can you hear me?

Came a voice from the sky on that magical night

And in the colors of a thousand sunsets

They traveled through the world on a silvery light

The people of the Earth stood waiting

Watching as the ships came one by one

Setting fire to the sky as they landed

Carrying to the world Children Of The Sun

All at once came a sound from the inside

Then a beam made of light hit the ground

Everyone felt the sound of their heartbeat

Every Man - Every Woman - Every Child

They passed the limits of imagination

Through the doors - to a world - of another time

On the journey of a million lifetimes

With the Children Of The Sun - They started their climb

No more gravity, nothing holding them down

Floating endlessly, as their ship leaves the ground

Thru the walls of time - at the speed of light

Fly the crystal ships on their celestial flight

On their celestial flight
