Babyyyyyy
Lifes too hard to get through
ohh oh
And you bet there is no one
on earth who understands you
You try to hold back all your tears
but they fall on the kitchen floor
That gets old, baby
I see you plottin on ways you could
go bring in more
dough to the pot, baby
So he tells you to lay it down
He whispered touch yourself
You go home and you in the shower tryna scrub
yourself
You in the mirror, your reflection screamin' fuck
yourself
Your bout to cut yourself
You aint gotta hurt yourself

but I see why you do it
Yeaahh, Ohhhh
I know why you do it

She do it for that M.O.N.E.Y
for that M.O.N.E that money
that M.O.N.E.Y
She do it for that M.O.N.E.Y
for that M.O.N.E that money
that M.O.N.E.Y

Corporate girl graduated from college
she knows she bad
and everyone looks when she walk by
she a hottie boy need a fan
yeah
If you think that you like this girl
boy you better be prepared
baby all I wanna know is
can I help you find your soul
because you lost when you climbed that ladder

up the gold
it's like your body was sold

It's ok babe
Don't be afraid babe
You gon find your
find your way babe

So he walks you through that door
on the 13th floor
And he goes and closed the door
You wonder why he closed it for
You got this funny vibe
that you feel deep inside
and babygirl, babygirl
I see why you do it

I said the money doesn't last forever
the money doesn't last forever

She do it for that M.O.N.E.Y
for that M.O.N.E that money
that M.O.N.E.Y
She do it for that M.O.N.E.Y
for that M.O.N.E that money
that M.O.N.E.Y

Echo
Echo for money
for money
Echo
I know why
I know why
you do it

She do it for that M.O.N.E.Y
M.O.N.E.Y
She do it for that M.O.N.E.Y
for that M.O.N.E that money
that M.O.N.E.Y

She do it for the M.O.N.E.Y
for that M.O.N.E that money
that M.O.N.E.Y
