You only take heed when you need to
You only take heed when you need to
And you need to

Come let me brief you
And let you see where greed leads to
And you need to

Inspire the love inside your people
Our people..equal..
Fighting for all known steeples no spires...
No more hellfires and please no more gunfire

Dance 4 Life
Dance 4 Life
Dance 4 Life
Dance 4 Life

Quench more people, their thirst
Put them first
And when the flood gates burst
Come inside and we'll keep you strong

We protect the children of this new dawn
We're properly skilled and we fear no storm
And what we're building
will persevere long after the wicked dem disappear

Justice, truths and rights gone clear
me and the youth we have will start this year
me and the youth we have will start this year

[illegible]
