[Timbaland] Gotta meet somewhere baby, hey, hey We
fuss, we fight, yo' fault, my fault We was on the same
team at least that's what I thought We both participated
only I got caught Now we hardly conversate and baby
we don't talk It was fun at first, you can't say I'm wrong
Now you wanna talk about it? Too late, I'm gone You
mad at me cause I don't wanna play yo' games I ain't
perfect but I'ma do my thing (we gotta meet in the
middle) Huh, you here I'm dere Tell me what's the
sense of me tryin if you don't care? This relationship is
headed to who knows where That means one of us got
to chose Because you hurt me, and I hurt you You
complain about the things that I don't do And I don't
wanna take the blame, neither do you Because we got
too much to loose [Chorus: Timbaland] We gotta meet
in the middle, meet in the middle We gotta gotta meet
in the middle We gotta compromise, baby don't
analyze We need to see eye to eye, so let's meet in the
middle We gotta meet in the middle We gotta gotta
meet in the middle We gotta compromise, we gotta
work it out this time We need to see eye to eye, so let's
meet in the middle [Timbaland] Hey, hey, we got
somethin we can't enjoy I'm sick of you tryin to play
with me like I'm your toy Mmm - you tried to run game, I
saw We got a lot of issues you got yours (we gotta
meet in the middle) Huh, you can't talk that shit You
can't travel to the future if you walk backwards Once
you walk out the door, you can't walk back in We gotta
find a way to solve it, think about our kids Cause they in
the middle - you wanna sing that song? You won't need
to cop a plea to say okay, I'm wrong Thangs are gettin
heavy but I still stay strong I try to talk it over wit'chu
when I coulda been gone Because you hurt me, and I
hurt you You complain about the things that I don't do
And I don't wanna take the blame, neither do you
Because we got too much to loose [Chorus] [Bran'Nu] I
told you once, I told you twice And now my shoulder's
cold, like a block of ice You playin games like you rollin
dice Hey what you know about a sacrifice? (Baby I've
been in the middle) I've been givin you more than a
little Had the ball then you double dribbled (I guess

love is a riddle) You never listen I don't ever get my
point across I washed your dirty drawers, you out with
dirty broads You did me dirty dog, cause youse a dirty
dog It's a curtain call, and I ain't mad at all I gave you
more than you deserve, I was worth it all Bottom line
hope you find what you searchin for You hurt me so I
hurt you And I complain about the things that you don't
do And I don't wanna take the blame, neither do you
We got too much to loose [Chorus] [Outro: Bran'Nu]
Meet in the middle We gotta gotta meet in the middle
And compromise, analyze Eye to eye, meet in the
middle Meet in the middle We gotta gotta meet in the
middle And compromise, gotta work it out this time
Gotta see eye to eye, meet in the middle
