[Intro] All I wanna do is, all I wanna do is, make up All I
wanna do is, make up { *5X* } Put the, put the past
behind us All I wanna do is, all I wanna do is All I wanna
do is, make up { *6X* } Put the, put the past behind us
[Timbaland] Broken promises, broken wedding vows If
God is lookin down, hopin that he crack a smile (crack a
smile) How can I support a child? Last time I had a job,
it's been a while The question that remains so freely
Why does that that happen to me? (To me) To wash
away the pain I'm drinkin I'm thinkin [Chorus: Chad
Kroeger] I'm waitin for the day, that Together we can
find another way, back With everything we've got at
stake Let's worry about today and put tomorrow in a
bottle If there's some way that we can take, back The
wrong that we've created we can change, that Don't
turn yo' head the other way You're gonna save today,
put tomorrow in a bottle Let's put tomorrow in a bottle
{ *8X* } [Timbaland] Pack it up, seal it up, close the
deal (the deal) Girl you ain't right, I apologize Won't be
satisfied 'til what we had was gone away Hey hey,
every other day we fuss and fight Hey, hey, and I tell
you two wrongs don't make a right You had my head
gone, I did you dead wrong Singin that same old song,
wonderin why you mad at me? (At me) Now you
understand my lingo, we still gon' be people Baby this
is how it should be (ay!) Are you gonna be like that?
You was supposed to have my back (back back back
back) Now we both don't know how to act Once I leave
out the door nothin will bring me back [Chorus]
[Timbaland] Pack it up, seal it up, close the deal (the
deal) Said I never thought that all that the love we had
would go away Now there's nothin left that you can say,
say-ayyy Yes today, shit gon' be the same Because I'm
backed against the wall Now the conclusion to the story
is the same [Sebastian] I was your bread and butter,
like girl I put you on Now that I want that lovin back,
why's the relationship so gone? Like we established the
fact, that you was wrong from the get How am I
'sposed to fly in my ex, from Tallahassee and back when
a girl is scared of heights, Sanchez on top you seen
them Jets Why fuck her in the back when the first class

got the latest snacks People can blame my past, People
can kiss my ass I'm at a loss for words, Chad gonna
sing the rest [Chorus] [Timbaland] Pack it up, seal it
up, close the deal (the deal) [Outro w/ minor variations]
All I wanna do is, make up { *7X* } Put the, put the past
behind us All I wanna do is, make up { *7X* } Put the,
put the past behind us
