"Blood Red Violence"

Fistfights and broken glass
taking risks and living fast
chokin from a spray of mace
surprise attack
cleared out the place
(chorus)
blood red violence
street level vengeance
blood red violence
take them out
racial tension lit the fuse

six on one i'm gonna lose
paraonoid, looking for hate
call the boys, retaliate
(chorus)
cahse em down, beat em down
fascist scum knock them around
endless fucking vengeance
blood red violence
