[Timbaland] I don't wanna talk now, I don't wanna hear
you scream no mo' Won't somebody save me?
Everything I do feel like it's wrong All we do is fall down
even though we try to stay afloat I swear it's gon' kill
me even though you think it won't So why rock a boat
and make waves? When everything's calm and okay So
why am I confused if you love me? I thought this would
be smooth sailing [Chorus: The Fray] Cause I don't
wanna let you go and we're caught in the undertow
Cause I am losin my control And we're caught in the
undertow Our only prayer, is all our own but we need
air, we go alone cause I don't wanna let you go but
we're caught in the undertow [Esthero] I don't wanna
cry, every time we try it never fails We change the
illusion, whenever you go and set the sail My heart's in
your hand, don't you go hurt me agai-ain All we got is
one chance and it's sink or swi-im So why rock a boat
and make waves? (Make waves!) When everything's
calm and okay? (I'm okay!) Why am I confused if you
love me? (Love me!) Thought this would be smooth
sailing [Chorus] w/ Esthero [all together] And the
water's rising { *4X* } [Chorus] - first half repeats twice
w/ ad libs [The Fray & Esthero] Our only prayer, is all
our own We both need air, we go alone Our only prayer,
is on our own We both need air, we go alone Cause I
don't wanna let you go I don't wanna let you go Cause
we're caught in the under... tow, tow, tow Undertow,
tow, tow
