I was just walking that day aimlessly
You picked the perfect day to bump into me (perfect day)
Probably should have watched the stars in the sky the night before
But for some reason we still met at your store
You baby

Your eyes have a story that they wish to tell
And I have my whole life and I listen well
Look I'll be your confidant, tell me anything
But please start it off with how you tuck your wings

There's nothing else that I have seen
There's no getting' around it or in between
You're out of this world
Except you're not green, look
You don't know what you mean to me
To me...

All my friends meet you and say you're the one
(You're the one, you're the one, you're the one)
And all my meaningless friendships should be done
(I should just leave them alone, baby yeah)
You had a friend but he did you wrong
But I'm a God-sent sign that reads, please move on with me (with me)

You taught me use my heart and forget my eyes
(Use my heart forget my eyes)
And that's the way to his kingdom of eternal life
Since you're an angel, baby, your jobs never done
Too bad the world won't see you when they dial 9-1-1
That's why...

There's nothing else that I have seen
There's no getting' around it or in between
You're out of this world
Except you're not green, look
You don't know what you mean to me
To me to me to me

To me

There's nothing else that I have seen
There's no getting' around it or in between
You're out of this world
Except you're not green, look
You don't know what you mean to me
To me to me to me
To me

There's nothing else in this world
Nothing else
Like you

Yeah

That's why it's so complicated
So complicated
What are you afraid of

Oh no
I've been asking everybody what they think
Yeah, yeah
But I don't know why, because they don't know you
Oh no
I'm even asking other guys what would they say
Yeah, yeah
But I don't know why, because they don't do what I do
Oh no
Girl, I'd say an ultimatum's the way
Yeah, yeah
But you probably take that and just run
Oh no
Now I gotta decide if I'm gonna help raise you
Yeah, yeah
So now the ultimatum's on me, that's no fun

I was just walking that day aimlessly
Da daa da dum
Da daa dum
Da daa da dum
Da da duumm oooh oh oh oh
Da da da dum oooh
